

Comedogenic ingredients to be avoided in an acne prone skin if listed within the top 5-7 ingredients of a product. NOTE: in a non-acne prone skin most of these will not be problematic and some can be helpful.

** Ingredients are extremely clogging and should always be avoided.*

Acetylated lanolin alcohol
algae
algin
avocado oil
BHA
Butyl stearate
C12-C15 alcohols benzoate
Capric/caprylic triglyceride
carageenan
ceteareth 20
cetearyl alcohol
Cholesterol
Cocoa butter
Coconut butter
Coconut oil*
colloidal sulfur
corn oil
cotton awws or cotton seed oil
Decaglyceryl decaoleate*
Decyl oleate*
Di isopropyl adipate
Diocetyl Succinate*
Disodium Monooleamido PEG 2-succinate*

essential oil of benzoin
essential oil of cajeput
essential oil of calendula
essential oil of camphor
essential oil of chamomile
essential oil of sandalwood
Ethoxylated Lanolin*
Ethylhexyl Palmitate*
evening primrose oil
Glyceryl stearate
Glycol stearate SE
Grape seed oil*
Hexylene glycol*
Hybrid safflower oil
Hydrogenated lanolin*
Hydrogenated vegetable oil*
Iodine
Isocetyl stearate*
Isodecyl isononate 15-200
Isodecyl oleate
Isoparaffin C13-16*
isoparaffin C9-11
Isopropyl isostearate*

Comedogenic ingredients to be avoided in an acne prone skin if listed within the top 5-7 ingredients of a product. NOTE: in a non-acne prone skin most of these will not be problematic and some can be helpful.

** Ingredients are extremely clogging and should always be avoided.*

Isopropyl lanolate*
Isopropyl linoleate*
Isopropyl myristate*
isopropyl palmitate*
Isostearic acid*
Isostearyl alcohol*
Isostearyl Isostearate*
Isostearyl neopentanoate*
Laneth-10 acetate
Laneth-5, Laneth-20
Lanolic acid*
Lanolin
Lanolin alcohol*
Lanolin Oil*
Laureth 4 & 23*
Lauric acid*
Methyl.glucose.sesquistearate
mineral Oil light
mink oil
Myreth 3 myristate
Myreth 3 myristate
myristyl lactate*
Myristyl myristate*

Myristyl propionate*
Octyl dodecanol
octyl palmitate
octyl stearate
Oleic acid*
Oleth-2 2%
Oleyl alcohol*
olive oil
Peach kernel oil*
Peanut oil
PEG 16 Lanolin*
PEG 200 Dilaurate*
PEG 8 Stearate*
Petrolatum
Petroleum Distillate
PG Monostearate*
Polyglyceryl-3-Diisostearate*
Potassium Chloride*
PPG 15 stearyl ether
PPG 2 myristyl propionate*
PPG 2 Myristyl Propionate*
Propylene glycol decaprylate/dicaprate
Propylene Glycol Monostearate*

Comedogenic ingredients to be avoided in an acne prone skin if listed within the top 5-7 ingredients of a product. NOTE: in a non-acne prone skin most of these will not be problematic and some can be helpful.

** Ingredients are extremely clogging and should always be avoided.*

Propylene glycol stearate
red dyes*
sesame oil
shark liver oil (squalene)
sodium laureth sulfate
sodium lauryl sulfate*
Solulan 16*
sorbitan oleate*
soy bean oil
Stearic acid
Stearyl alcohol*
Stearyl heptanoate
sulfated castor oil
sulfated jojoba oil
Sweet almond oil
Triethyl citrate
waxes
wheat germ glyceride
wheat germ oil
Xylene
